**Trelloran Seduction is the gutsy dystopian paranormal romance, fantasy, and science fiction mashup that grabs your attention and doesn't let go until the epilogue.**

The story begins on the world of Volen, where we find Pietah Tilm, a man so tormented by the priests who murdered his wife (his coupling) that he spends his days garnering his revenge.

But then he meets a nymph shifter named Kaitlau.

**And she is no princess.**

Kait. comes from the planet Trellora, and she is the rightful heir to Trellora's throne.

She couldn't give a damn about the sister planet, Volen. But she'll do what is necessary to take back what has always been hers.

She'll punish her father, who must have known she was being relentlessly raped on Trellora.

She'll even make alliances with the Volenese rebels. And well, damn, Pietah Tilm delivers spikes of

sensation she doesn't know how to handle.

He's everything she needs and everything she's not ready for. What could a rebel give a princess? More than she was betting on.

Be ready for angst. Be ready for fight scenes. Be ready for love scenes that will grab at your heart strings as both Pietah and Kait face their demons.
